

DAVID MAVUTA

Aspiring Cybersecurity & Cloud Engineer

Nyeri, Kenya • david.mavuta.pro@gmail.com • +254 746 845855 • LinkedIn • GitHub • davycrest.dev

PROFESSIONAL SUMMARY

Aspiring Cybersecurity, Cloud, and Network Engineer with a strong foundation in networking fundamentals, Linux systems, and cloud computing. Currently developing practical skills through Cisco Networking Academy and AWS cloud studies. Passionate about designing secure, scalable IT infrastructures through structured labs and academic learning.

TECHNICAL SKILLS

Networking	TCP/IP, IPv4/IPv6, Subnetting, Routing & Switching, VLANs, DHCP, Cisco IOS
Cloud	AWS Fundamentals, IAM, EC2, S3, Cloud Architecture, Cloud Security
Security	Security Fundamentals, Threat Awareness, Network Security, Access Control
Linux	CLI, File & Permission Management, Process Management, Bash Scripting
Tools	Cisco Packet Tracer • AWS Console • Linux (Ubuntu) • Git & GitHub • VMware

CERTIFICATIONS & COURSES

AWS Cloud Practitioner Cloud fundamentals, AWS core services, IAM, and architecture concepts	<i>AWS Skill Builder</i>
CCNA: Introduction to Networks (ITN) Networking fundamentals, IP addressing, routing basics, Cisco IOS configuration	<i>Cisco NetAcad</i>
CCNA: Switching, Routing & Wireless (SRWE) VLANs, inter-VLAN routing, wireless networking, DHCP, network security basics	<i>Cisco NetAcad</i>
Introduction to Cybersecurity Threats, vulnerabilities, malware concepts, and security awareness	<i>Cisco NetAcad</i>
Linux Essentials CLI operations, file systems, permissions, user management	<i>Cisco NetAcad</i>

PROJECTS

Cisco Packet Tracer Network Design Hands-on lab: network design, routing, switching, and VLAN configuration using Cisco Packet Tracer.	<i>Planned</i>
AWS Deployment Lab EC2 instance setup, S3 storage, IAM security management, and basic cloud architecture deployment.	<i>Planned</i>
Linux Security & Systems Lab Linux system administration, user management, permissions, and cybersecurity fundamentals in a controlled lab.	<i>Planned</i>

EDUCATION

BSc Information Technology

Dedan Kimathi University of Technology (DeKUT), Nyeri

Networking • Cybersecurity • Cloud Computing • Software Development • AI/ML • Databases

2023 – 2027 (Expected)

ACHIEVEMENTS & INTERESTS

Achievements

- Completed Cisco Networking Academy courses in Networking and Cybersecurity fundamentals
- Earned the certificate of completion for AWS Cloud Practitioner course
- Continuous development through structured IT labs and self-directed learning

Interests

Networking systems • Cloud computing • Cybersecurity • Linux • Technology problem-solving
